

# Smart Strategies to Create Successful Collaboration

by Julie Ann Sullivan, MBA

- Do you think a workforce who works well together can get more results?
- Would you be interested in your TEAMS working effectively and efficiently?
- Are you interested in people being open and respectful of alternatives?

If you answered yes to even one of these questions, then this strategic work session on collaboration is for you!

## Participants will:

- Enhance their daily collaboration skills to support the organization's mission
- Learn the value of authenticity and its time-saving properties
- Discover how to accentuate the ability to problem solve in creative ways
- Increase awareness and acceptance of individual principles and beliefs
- Establish how to successfully "surrender" your ideas and still feel like you win
